LETTER OF RECOMMENDATION

It is with great pleasure that I write this recommendation on behalf of Ms.Jalli Tejaswini. I have known Ms.Jalli Tejaswini for over four years, primarily as Professor and Head. I have closely mentored her throughout her undergraduate studies and so can appraise both her technical and managerial abilities.

Academically, she is one of the highest ranked student of batch 2016-20. Apart from academics, she also shows a great interest in the co-curricular and extra-curricular activities. Her excellent presentation skills have helped her to give good presentations during her study. Her communication and managerial skills have helped her to organize many events in our department successfully.

Ms.Jalli Tejaswini is a rare find. She is well trained, ambitious and also detail-oriented. I assure you that she will be a very promising student and will definitely meet the requirements of a prospective student. With these strengths and her abilities, I firmly believe that she would be successful in pursuing higher studies at your university. She was very actively participating in departments Student Technical Association activities.

I strongly recommend her for admission to the Master's program at your university. Please feel free to contact me for any further clarifications.
