**LETTER OF RECOMMENDATION**

**Jalli Tejaswini** is a remarkable student. I tutored her "**Software Engineering**". I have seen many examples of her talent and have long been impressed by her diligence and work ethic. I came to know that she is applying to master's program at your university. I would like to recommend her for admission.

Jalli Tejaswini has outstanding organizational skills. She is able to successfully complete multiple tasks with favourable results despite deadline pressure. Her performance is direct result of her commitment and strong focus. Having known her personal and social grounds her relations with her mates are cordial and healthy. She helps her fellow mates in understanding the concepts by regularly assisting them in classwork which demonstrates the good team skills. She behaves in a very decent and reverential passion with all her superiors and professors.

If your master's program is seeking superior candidates with a record of achievement then, Jalli Tejaswini is an excellent choice. She has consistently demonstrated an ability to rise to any challenges that she had to face. She also possesses positive attitude and never-say-die spirit. Her choice of course and performance clearly indicate her interest and enthusiasm in pursuing her studies.

Based on personal interaction and her capabilities, I guarantee her as one of the most promising young talents from our institution. To conclude, I would like to restate my strong recommendation for Jalli Tejaswini. I am confident that she will prove to be a very valuable asset to your university. I have no doubt she will be successful in all her future endeavours and wish her luck for the same.

**(Dr. M. Sunil Kumar)**
